

Payment Changes

Money Orders Only

New Tax laws and the way payments can now be accepted have changed. Any amount over \$600 must be reported (This for Ebay, Etsy, Paypal, Venmo, etc.). Until the United States Becomes A Republic Once Again. Until the current regime is Thrown out or removed and all changes they made are default It must be this way. I apologize for any inconvenience but the changes have left me no choice

Paying By Money Order

Please contact me with the items you wish to purchase and I can give you the cost with shipping, and address to send money order. Once payment is received I will ship the items

Paying for a custom or request, standard label prices

Prices for Munro and Coleco Labels are \$15 per Set. Benej (Please Contact) are \$20 a set. My Stiga Flats with labels are \$40 a set. Any custom requested item that I do not have listed on this site, if it is a label set is \$25. No work will be done on the label set until payment is received via money order

11 Years Plus This Website has been active

After 11 years plus this site may close down at years end if I cannot maintain the cost to have it hosted. I thank you for your support throughout the years, if I make enough to keep it going I will, I will never ask for donations to keep it going.

I have done this the past 12 years or so for the love of the game. I enjoy creating the labels, players, games, 3D Printed items, and all that goes with it. The way the world is being run it is taking this hobby I love so much and destroying it. Pray that things change in the world so this site can go on for another 20 years

God Bless you all and Thank You
